"There is no such thing as a 'self-made' man.
We are made up of thousands of others. Everyone who
has ever done a kind deed for us, or spoken one word
of encouragement to us, has entered into the make-up of
our character and of our thoughts, as well as our success."

Constructing Our Futures

Every year the *Wo-He-Lo* staff is challenged to create a yearbook that accurately portrays the events of that year. This year, East Central Community College's 70th edition of the *Wo-He-Lo* is dedicated to the many transformations the campus and students are undergoing.

East Central has experienced several changes during the 2010-2011 school year. The college also has a record-number enrollment for the 2010-2011 school year with a 5.3 percent increase over the previous record to give a total of 2,992 students for the 2010 fall semester.

Every year a new group of freshman enrolls at East Central Community College to begin their college career while a group of sophomores prepare for graduation and the rest of their lives. East Central plays a vital role in the lives of all of its students. Along with the friendly and positive environment East Central Community College provides, the faculty and staff work year-after-year to help each student construct a brighter and more prosperous future.

East Central boasts a beautiful campus. A lot of time and work goes into keeping the campus looking clean and well-maintained thanks to the maintenance staff. ECCC faculty and students are especially proud of its buildings and landscapes.

Academic Instructor of the Year

Susan Fox Smith

Upon her selection as ECCC's Instructor of the Year, psychology instructor Susan Fox-Smith said, "It is such an honor! As an educator, I am always looking at different ways to help students find their strengths. I look at this honor as my peers seeing me as a strength for my students."

Fox-Smith said successful students have been the highlight of her career as an educator.

"The greatest highlight of my career is having students be successful in their career. I saw one of my former students from EC recently and she has her own business and loves what she is doing. She told me 'Thank you.' It always makes me feel like I am successful when I hear those words. It never fails that wherever I travel I always see former students who are successful. That influences me to continue to be an educator," Fox-Smith said.

Fox-Smith currently teaches General Psychology and Human Growth and Development classes at EC. Prior to her position at EC, she served as Career Discover Teacher at Neshoba Central High School where she also served as assistant girls' basketball coach from 1999-2002 and head coach from 2002-2003.

She is also a former head tennis and assistant basketball coach at Mississippi College (MC) and taught elementary physical education and coached tennis at Lamar School in Lauderdale County. In addition, she served as an adjunct instructor at EC.

In addition to her teaching duties, Fox-Smith serves as chairperson of the Beauty Pageant Committee and is a member of the Mississippi Psychological Association and Women in Higher Education. She is a member of Bethsaida Baptist Church in Philadelphia. She was selected a Lamplighter in 2006, which recognizes outstanding community and junior college instructors in the State of Mississippi each year.

She is a graduate of Leake Academy and received her associate's degree at East Central Junior College. She completed bachelor's degrees in physical education and elementary education from Mississippi State University and received a Master of Education-Counseling degree from MC. She has completed additional coursework at Belhaven College and Mississippi University for Women.

She and her husband, Bill, who serves as EC head women's basketball coach, have three children: Andy, Chandler and Mackie.

Career-Tech Instructor of the Year

John Everett

When notified of his selection as ECCC's Career-Technical Instructor of the Year, John Everett said, "I feel there are other more deserving instructors; however, I am very honored and delighted to be named Instructor of the Year."

He began his career in education teaching electricity classes through the College's Workforce Development Center.

"After I started teaching at night with Workforce Development, I discovered I enjoyed teaching," Everett said. "Though this process, I discovered I liked the feeling of helping those in my field learn new things." He currently teaches courses in Commercial and Industrial Wiring, Motor Control Systems, Motor Maintenance and Troubleshooting, Branch Circuit and Service Entrance Calculations, Switching Circuits for Residential, Commercial, and Industrial Applications and Special Projects.

Everett said the most rewarding part of his job is seeing former students excel in their chosen field and that he only get discouraged when he sees a student with tremendous potential not performing to his or her ability.

"It's encouraging to see students that leave my class and become successful in their field, whether it is by opening their own businesses or through employment, using the information they have learned at ECCC," Everett said.

In addition, he is a member of the Decatur Volunteer Fire Department and serves as Vice President of the Mississippi Association of Electrical Instructors. He was selected a Lamplighter in 2007, which recognizes outstanding community and junior college instructors in the State of Mississippi each year.

Everett received associate degrees in Electrical Technology and Computer Servicing Technology from East Central Community College. He also holds a certificate in Heating and Air Conditioning Technology from ECCC and completed a certificate in Industrial Maintenance from Meridian Community College. He has completed additional coursework at the University of Southern Mississippi and Mississippi State University.

He has three children: Jessica, John Michael and Grace.

Tamara McPhail has a fun time in her dorm room jumping from bed to bed. Let's just hope she doesn't break anything!

Letter from the editor

Colby Harvey

May 14, 2011 is quickly approaching and it is filled with mixed emotions for everyone. As sophomores get closer to graduation it is easy for them to lose themselves in the memories of years at East Central. Memories like being confused and lost on the day of freshmen orientation, being intimidated by filling out their first schedule, foam parties, Spring Spree activities, and meeting new people on campus, who quickly became some of their closest friends. These memories will live on in our minds and will not easily be forgotten.

Faculty and staff, thank you so much for your support and encouragement during these years at EC. You challenge the students and pushed us to reach potentials in our lives that we never thought possible. Some of you even took it upon yourselves to be our "EC parents." Your guidance and advice have played major roles in our lives and the life lessons we learned from you will only help us to continue to grow and shape us into the adults we are becoming.

To all the upcoming freshmen, my advice to you is to enjoy your time here. It will only seem like a few seconds and your time here will be over. EC will be just a distant memory. Also, don't take yourself too seriously. This is the time for you to try new things and make mistakes. Just remember to learn from them. To my current classmates, freshmen and sophomores, thank you for everything. The friendships that we made during these years will define our lives. Upcoming sophomores, enjoy your time here. Keep EC a fun place for the upcoming classes.

So, thank you East Central. Thank you for your encouragement and support. Thank you for the laughs and even the bad times. Thank you for helping us all construct a better future for ourselves.

WORK IN PROGRESS

This school year brought many changes to East Central Community College. With the construction of the new science building and a record enrollment the year was nothing but positive advances for the College. In the future, we hope to see an increase in the amount of students as well as further advances to the campus. At East Central we strive for "perfection." Until "perfection" is met we will remain "Under Construction."

Thank You!

Special thanks to Dr. Phil A. Sutphin, the College administration, and Office of Public Information, which provided much help in the creation of the 70th edition of the Wo-He-Lo. The assistance of Bubby Johnston, Maria McLeod, Karen Robertson, R.T. Purvis, Wayne Eason, Rachel Ramirez, Lindsey Bishop and Anna Alexander was also an invaluable help.
